Blind Man Runs World's Largest Chicken Hatchery

Wrentham Mass., Aug. 12.—(AP)—A blind man runs the largest chicken hatchery in the world. George H. Adams, 48, has built a tiny factory of 48 hens and three roosters into a plant that produces 40,000 eggs daily from hens that have been adjusted to the light. Adams has built 28 years ago and has since then expanded into three and four story buildings, the incubator has a capacity of 500,000 eggs—largest in the world—the hatchery also has a large broiler and he directs a corps of 50 men.

Schoolboy Gets WPA Work Check

Uniontown Pa., Aug. 12.—(AP)—A second-grade schoolboy, hired and fired from a job on a WPA project, got attention from WPA district office, which said the boy, explained that a \$6.94 check was made out to a "Richard Malone" because of a "clerk's mistake" in copying his father's name.

"No Retreat" in Preservation of the Czech Nation

Praha, Czechoslovakia, Aug. 12.—The Society of Czechoslovak Army Officers declared today there could be "no retreat" by them from the Czechoslovak government's stand that the integrity of the republic must remain unimpaired in spite of the numerous problems.

In a proclamation to the people, which served also as a warning to the Sudeten German party, the Czechoslovak officers declared:

"The state's authority may, under no circumstances, be sacrificed, undermined or debased, not by a single act, not through a single word. From this stand there can be no retreat. For this principle we can die but we can never withdraw—not one step, not one inch."

John Cahah Rites Will be Saturday

Funeral services for John Cahah, 79, who died Thursday at his home, 428 South Rockwood avenue, will be held at 3 o'clock Saturday afternoon from St. Peter's Catholic church, officiating. Interment will be in Limestone cemetery.

Born March 5, 1859, in Monroe county, he came here with his family when a child. He was married in the home of Jefferson Vinson, of Adams township and was married in 1885 to Hattie Byrnes of Kankakee. They celebrated their golden wedding anniversary on August 11, 1937.

He moved to a farm in Limestone township, residing there until 11 years ago when they came to Kankakee.

Beside the widow he leaves 13 children: Louis of Los Angeles, Mrs. Edna Babcock of Los Angeles, Mrs. Louisa Miller of Delphos, O., Frank, Arthur, Mrs. Alice Williams, Warren, Charles, Mrs. Estelle Johnson, Mrs. Ella Hays, Mrs. Margaret Asher and Jay of Kankakee.

The body will lie in state at friends at Hertz temple.

Alleged Chicago Milk Trusts Are in Investigation

Chicago, Aug. 12.—(UP)—A federal grand jury investigating an alleged milk trust today turned its attention to charges of dominating of small independent dairy companies.

The investigation is a phase of the department of justice's long-running campaign against the U. S. Attorney General L. F. Tamm, Jr. for charges of the Chicago investigation.

For three hours yesterday, Mr. Tamm, who is now in custody, was held in custody at the U. S. Attorney General L. F. Tamm, Jr. for charges of the Chicago investigation.

GERMAN PLANE DELAYS VOYAGE BACK OVER SEA

New York, Aug. 12.—(AP)—Minor damage to the propeller and an engine cowling of the 19-ton German plane Brandenburg delayed today the start of the huge ship's flight across the Atlantic ocean.

A quick turn-around trip had been planned but this idea was dropped soon after the four-man

crew brought the 24-passenger transport skimming into Floyd Bennett field yesterday at the end of a record-breaking trip from Berlin. It was the first west-east linking of Berlin and New York. The 3,942 miles were covered in 25 hours, 54 minutes.

No Takeoff Today
Spouting oil betrayed the damage as the plane rolled to a stop. Alfred Henke, blond and taciturn captain of the Brandenburg's crew, said the damage was trivial and that, if necessary, the plane could have started home immediately. But there was no rush and New York had shown them such a "friendly welcome," he said, that the fliers wanted to stay "a day or two."

Henke would not commit himself on the hour of a takeoff but, "in any case," he said, it would not be today.

Henke and his flying mates, Rudolph von Moreau, co-pilot; Paul Dierberg, flight engineer; and Fritz Kober, radio operator, were completely casual about the flight.

"We expected to make the trip in something like 24 or 26 hours," Henke commented, "and now we've done it."

The Brandenburg made the unheralded flight as a demonstration of Germany's readiness to institute mail and passenger service between Germany and the United States.

Most of the younger pilots of airlines are members of the Reserve Officers Corps of the U. S. Army, and several times a year take regular training flights in army planes to keep abreast of the military aeronautical advancements.

Chicago Man is Killed, Negroes Use a Bludgeon

Chicago, Aug. 12.—(P)—Wesley Van Norman, 39, owner of the Van Norman Molding company, was found bludgeoned to death early today on a south side street.

Police said John McCarthy, 28, station attendant, reported three Negroes assaulted Van Norman at the holding him up, beating him over the head with a blunt instrument. His skull was crushed.

Police said McCarthy told them the three Negroes fled when he ran to Van Norman's aid. Some of the victim's pockets had been turned inside out, but police said \$10 bill and some coins were found in his pocket.

Van Norman was about two blocks from his plant, walking home, when he was attacked.

Mrs. Van Norman and her son, Robert, at their summer home at Evansville, Wis., were notified of the slaying.

State Hay Crop Biggest in Years

Springfield, Ill. Aug. 12.—(P)—The Illinois hay crop promises to be the largest in ten years, the state and federal agricultural departments said today in their August 1 report.

Corn and soybean prospects are "far above average," it added, while small grain yields have been "average or above."

The two outstanding developments of the past month, the report continued, have been the phenomenal improvement in corn prospects, due to far better than average growing conditions during July, and the very disappointing outlook of the oat crop, which lodged and rusted in northern and central Illinois, resulting in much lower yields than anticipated and in very low test weights.

On August 1—the prospect was that corn would average 40.5 bushels to the acre, producing 340,600,000 bushels in Illinois, compared with the 1937 record yield of 47 bushels and production of 444,197,000 bushels.

Union Service at Trinity on Sunday

The union religious services under the auspices of the Kankakee Ministerial association will be held Sunday evening at the Trinity Methodist church.

The young people's service will begin at 6:30 and the preaching service at 7:30. Rev. George Hensel, pastor of the Immanuel Baptist church, will bring the message on "God and Caesar."

The northern portion of Ohio is believed to be the driest area on earth.

Manteno Farm Boys to Niagara Falls

Six boys who have been outstanding in the agricultural work at Manteno high school this year are being taken on a trip to Niagara Falls and back by their instructor, O. M. Brewer.

The boys and Mr. Brewer will leave Saturday going through Canada stopping at Detroit and visiting paper mills, auto factories and like. The trip will be educational agriculturally as well as industrially. The boys who are scheduled to make the trip are Glenn Carl, Donald Albrecht, Vernon LeSage, Clifford Carl, Paul Salzman and Albert Rogers.

Nixon-Sentenced to Die in Chair

Chicago, Aug. 12.—(P)—Robert Nixon, 19-year-old Negro was sentenced today to die by electrocution October 21 for the brick-murder of Mrs. Florence Johnson, 34-year-old mother of two small children.

Criminal Court Judge John C. Lewis set the date after overruling Nixon's motion for a new trial. He was convicted August 4 of murdering Mrs. Johnson, wife of a

city fireman, in her south side apartment on May 27.

Prosecutors have announced Nixon also must stand trial, despite the conviction, for the brick slaying of Mrs. Florence Thompson Castle in her hotel room June 29, 1936. Nixon has also been accused of killing Anna Kuchta, student nurse, in Chicago last year, and Mrs. Edna Worden and her daughter, Marguerite, 12, in Los Angeles more than a year ago.

The state charged Nixon and Earl Hicks, 19, Negro, went to the Johnson home intent on burglary, and that Nixon beat Mrs. Johnson with a brick when she awoke and found them ransacking her room.

Kankakee Native Leaves Big Estate

New York, Aug. 12.—(RN Special)—Edward Fiebrich, native of Kankakee, left an estate declared formally to be "more than \$50,000." It was learned when his will was offered for probate in Surrogate court here today. The actual value is at present unknown. His New York holdings are estimated at \$85,000.

Mr. Fiebrich disappeared from his last residence, the Grand Hotel, New York, on July 1, 1931, and has not been heard from since. His will asked that he be buried in the

Fiebrich family plot in Kankakee. The money will go in equal shares to nieces and nephews in various parts of the country. None of them are in Kankakee.

France Asks for Information on Nazi Militarism

Paris, Aug. 12.—(P)—France today instructed her diplomats abroad to transmit immediately to Paris all information available concerning military preparations now taking place in Germany.

Foreign office officials declared reports of Nazi military measures of unusual size were "being followed by diplomatic circles with the greatest attention."

An authorized source said information in the foreign office's possession showed "important" maneuvers will be held in the Reich. The statement was made in regard to reports of huge German troop movements published in French and British newspapers.

Four American aircraft manufacturers are making plans for planes capable of carrying 100 passengers and 25,000 pounds of cargo 5,000 miles nonstop at an average speed of 200 m.p.h.

Liberty League Takes Credit for Eliminating Vote

Indianapolis, Ind., Aug. 12.—(P)—R. Lowell McDonald, vice-president of the Corn Belt Liberty League, claimed today that his organization is responsible for elimination of corn marketing quotas and the referendum vote under the Agricultural Adjustment act.

"I said at Clay City last May 24," McDonald asserted, that the marketing quotas would never come to a vote if we showed sufficient opposition—that the secretary of agriculture and his department were holding the marketing quotas over our heads as a big stick to scare us.

"It was my opinion then that only one thing would prevent them—concerted and organized action on the part of the farmers of the corn belt. This we had."

"We shall not rest until this farm law, which is an insult to the intelligence of the American farmer, a menace to his financial standing and his independence and a disgrace to the traditions of the American people is wiped from our statutes."
